

Results from Past Initiatives & the Legacy of the Tokyo 2020 Games

The 2020 Tokyo Games are an opportunity for the city to further expand its tourism industry by building out infrastructure, such as providing multilingual assistance and barrier-free facilities for domestic and international tourists visiting Tokyo to ensure their visits are safe and pleasant.

As a result, tourist information is available within walking distance (2-3 minutes) of the 10 areas visited most often by international tourists as defined in the Area Improvement Policy for Receiving International Tourists (December 2014).

Additionally, the city is working with the outlying regions within Tokyo, including Tama and the Tokyo Islands region, to develop and invest in tourism resources and to market these areas domestically and internationally.

Examples of Initiatives and their Results

Operation of the Tokyo Tourism Information Center

Promotion on the World Natural Heritage Partnership Website

Training Tour Volunteers

Installation of TOKYO FREE Wi-Fi

Barrier-free Guest Rooms

Tokyo will continue to develop its city legacy and expand upon the initiatives from the 2020 Tokyo Games to create a tourist city that appeals to people from all over the world.
