

A 6-degree slope extends to the station platform

There is no pavement from Shoin-jinja-mae Station to Shoin-jinja Shrine and the visual guidance blocks are narrow, so be careful when moving.

Gotokuji Temple

Karasuyamagawa River Green way

Shoin-jinja Shrine

There is a wheelchair-accessible restroom (with ostomate facilities) on the platform for trains headed to Sengen-jaya.

Be very careful when crossing the railroad tracks.

Carrot Tower observation deck

Sangen-jaya Sta.

There is a south-facing slope at approximately 2.5 degrees angulation. Be careful moving through here as the road is narrow.

Use the underpass from the Sancha patio in the Carrot tower basement to get to the Den-en-toshi Line, Sengen-jaya Station. There is a wheelchair-accessible restroom (with ostomate facilities) in the underpass. Be careful, as the underpass slopes (about 6 degrees) towards the station.
